

# ARBUCLE'S HEARING SET FOR TO-MORROW

No Decision Made on Pushing Charge of Murder in Police Court To-day.

COMEDIAN STILL IN JAIL

Inquiry Will Be Made Into Whiskey Used at Fatal Party.

WOMEN AID PROSECUTION

Accused Man Not Likely to Go to Trial for Two or Three Weeks.

SAN FRANCISCO, Sept. 15.—District Attorney Brady announced to-night that no decision had yet been reached whether to proceed against Roscoe (Fatty) Arbuckle to-morrow in police court on the murder charge prepared against him, or to ask for dismissal of this charge in view of the Grand Jury indictment against Arbuckle for manslaughter.

The decision will be made to-morrow morning, Brady said. His statement was made after a conference with his deputies and with Chief of Police O'Brien and Captain of Detectives Matheson.

The body of Miss Virginia Rappe was removed from San Francisco to Los Angeles to-night, contrary to an announcement made by District Attorney Brady, but which was taken to the southern city to-morrow. The undisturbed establishment in charge announced to-day that arrangements made to have the body taken in time to ship the body before to-morrow.

Mrs. W. B. Hamilton, chairman of the special committee named by the Woman's Vigilance Committee yesterday to cooperate with District Attorney Brady in the investigation of the Arbuckle case, and Mrs. Robert H. Dean, a prominent member of the special committee, were called to the police court and pledged him the full support of the committee.

Women at Every Hearing.

The women announced that the Vigilance Committee, which is made up of San Francisco clubwomen, will have members of the special committee at every public hearing of the Arbuckle case, will provide every possible protection to the women witnesses and will cooperate otherwise in every way possible.

Brady declared that Arbuckle would get as speedy a trial as possible and that the trial would be started as soon as it could be arranged.

The court procedure to-morrow calls for informing Arbuckle of his legal rights and the taking of such testimony as the police judge wishes to hear in making his decision whether to bind the defendant over to the Superior Court for trial.

Depositions of Lowell Sherman and Patrick Fishback of Los Angeles, giving their versions of the party in Arbuckle's rooms, were received to-day by Brady, but he declined to give out their contents.

When Mrs. Hamilton and Mrs. Dean visited Brady to-day they were told that their presence at the various hearings would be welcomed but that they probably would be challenged by the defense if they were called as jurors.

Lehrman Sends Thanks.

Another telegram from Henry Lehrman, the Rapper girls' fiancé, who is in New York, was received to-day by the District Attorney. It said:

"With to thank you again for the rigorous, strong and skillful manner in which you are handling the defense of Virginia Rappe. They are lining up here at newspaper offices for latest editions. Have communicated with Halstead (the undertaker), and he has paid him money to-day. Wired to Mrs. Delmont \$150, as newspapers claimed she is without funds. Henry Lehrman."

The developments in the case to-day were:

Robert H. McCormack, Assistant United States Attorney-General in charge of liquor prohibition prosecution, announced that he would be conducting investigation of the liquor phase of the Arbuckle case. "Even if such investigation reached into the moving picture colony at Los Angeles," he said.

Arbuckle is accused of having had a quantity of liquor at the party in which he is charged with having inflicted fatal injuries on Miss Rappe.

The manslaughter indictment against Arbuckle voted by the County Grand Jury yesterday was returned in the court of the presiding superior judge, and the case was assigned to Judge John J. Harold Landwehr. Bail was set at \$5,000 cash or \$10,000 bonds.

Arbuckle's appearance in court was set for Saturday, when he will be arraigned and will plead to the charges. If he does not waive his right to a continuance.

Brady and police officials conferred to determine which one of the two charges, and two to-morrow, will be pushed against Arbuckle they will try.

Certified Check for Bail.

A certified check covering Arbuckle's cash bail was deposited with the bond and warrant clerk, but it was announced that he could not be admitted to bail until the murder charges had been disposed of.

Arbuckle is scheduled to appear to-morrow before Police Judge Lazarus for a further hearing on the murder charge preferred by Mrs. Bauhinia Maude Delmont, one of those present at Arbuckle's party. Officials of Judge Landwehr's court believe it will be two or three weeks before Arbuckle is brought to trial.

The manslaughter indictment against Arbuckle reads:

"We, the Grand Jury charge, to wit: That on or about the ninth of September, 1921, Roscoe Arbuckle did then and there wilfully, unlawfully and feloniously and without malice aforethought, kill Virginia Rappe, a human being."

A telegram from Mayor L. C. Hodgson of St. Paul, which reached the District Attorney for his announced intention that he would prosecute the case without fear or favor, was made public by Brady to-day. It said:

"Latest reports indicate Arbuckle money is overcoming State testimony. Do not fear. Fight this to a finish. If Arbuckle is not punished the moving picture business is done, for decent people are tired of the eccentricities of genius. Go the limit and win praise of all good people."

Brady replied that "in spite of Arbuckle's money and influence the case will be prosecuted most vigorously."

Frank McConnell, detailed to Chief of Police O'Brien's office, to-day was ordered to prepare a special line of investigation which neither the District Attorney nor the chief would discuss.

# MAYFLOWER BARRED FROM HALIFAX RACE

Boston Schooner Protested as Not Bona Fide Fishing Vessel.

"FRAMEUP" IS CHARGED

Sailing Stunts of Racing Craft on Banks Discouraged Gloucester Men.

KILLED AT WHEEL OF HIS AUTOMOBILE

Akron Man Murdered by Shot Supposedly From Passing Motor Car.

BOSTON, Sept. 15.—Charles D. Brown, chairman of the American International Fishermen's committee, received a telegram to-night from the trustees of the Halifax Herald trophy, won last year by the Gloucester schooner Esperanto, rejecting the Boston fishing schooner Mayflower as the American entry in the international fishing schooner races to be sailed off Halifax.

The trustees of the trophy did not make public their reasons for this action, but it is assumed here that it is due to their frequently expressed belief that the Mayflower is not a genuine fishing craft, that she was built only to defend the cup and that she has not regularly engaged in fishing, having made only such fishing trips as would qualify her technically under the regulations for the races. The telegram sent from Halifax to Mr. Brown was in answer to a message notifying the Canadians that the Mayflower had been chosen to represent the United States.

"Answering your telegram of the 14th, I am authorized to inform you that the trustees of the North Atlantic Fishermen's International trophy, who met to-day, cannot accept the Mayflower as an entrant for the international races off Halifax in October, and it will be necessary for you to find some other defender or let the race go by default. It is important to know promptly if you will have a defender here."

"H. H. Stevens, Chairman Committee."

Stevens, chairman of the committee, declared to-day that they were not surprised at the action of the Halifax committee, and Michael J. Connolly, commercial wharf rigger here and a principal owner of the Mayflower, declared that the boat had been harried from the races by a "frameup" on the part of Gloucester fishermen, who recognize that the Mayflower is the fastest schooner in the Atlantic and would sweep the trophy.

"Gloucester has been trying to put this frameup over ever since the Mayflower was built, said Mr. Connolly. Gloucester is afraid of the Mayflower because Gloucester knows she is fast. But if they persist in barring the Mayflower, we will show them. I am sure there will be a race between the Mayflower and the fastest Canadian boat. As for the cup which the Esperanto brought to Gloucester last year, they can use it to drink hooch out of for all we care."

The protest of the Gloucester fishermen, in which they have been joined also by the fishermen of Nova Scotia, has been that the Mayflower is not eligible for the races because she failed to leave her last port of call on her way to the fishing banks by the date fixed in the regulations governing entries. Further, it was protested that she was built more on the lines of a yacht than a fishing vessel, and could not carry the quantity of fish a ship of her size should.

The question whether the Mayflower, with the speed and lines of a yacht, would be accepted as the American entry has been a matter of dispute ever since the coast for months. Fishermen from the banks where she has sailed the fisheries have come back with word of sailing stunts which made the old salts of the fleet withhold entry of their vessels, conceding that the Mayflower was the fastest ship of the lot.

BAN ON MAYFLOWER INDORSED BY DONOR Halifax 'Herald' Says She Is Not Fishing Schooner.

HALIFAX, N. S., Sept. 15.—The Halifax Herald, donor of the fishing schooner championship trophy, supported to-day the action of the trustees in barring the Mayflower from competing for the cup.

"The plain fact is that the Mayflower is not a fishing schooner, built to go to the banks and fish for her living," the newspaper said. "The fishermen's race was not, and is not, for speed craft built on schooner-yacht lines, but for fishing schooners designed for fishing, used for fishing and which earn their keep by fishing."

WEIZMANN REELECTED HEAD OF ZIONISTS Envoys to Confer With Powers on Palestine.

CANBERRA, Czecho-Slovakia, Sept. 15.—The Zionist Congress held adjourned after electing the old leaders, Dr. Chaim Weizmann and Nahum Sokolow, the former as president of the world organization.

The congress accepted a recommendation that it send special delegations to Washington, London, Geneva and Palestine to negotiate with the Government there and with the League of Nations concerning the future safeguarding of Zionist interests in Palestine.

The disagreement of Tuesday between the Mirbach, or Orthodox element, and the Left, or Laborite Wing, caused by a resolution of the Mirbach proposing that all institutions in Palestine supported by the Government be placed under Jewish law in every respect, was smoothed over somewhat by the introduction of a substitute resolution that the question be left to the discretion of the Executive Committee.

TWIN BABES ABANDONED IN LOCKED SUITCASE Found on Deck of Detroit-Windsor Ferryboat.

DETROIT, Sept. 15.—Fertile crises emanating from a locked suitcase on the upper deck of one of the Detroit-Windsor ferry boats to-day led to the discovery of twin baby girls several weeks old.

Police are searching for a woman who brought the suitcase aboard, and they doubt that the mother of the babies will be able to locate her. The infants were taken to a hospital, where they were reported out of danger.

PAUL BICKSLER, SINGER, DROWNED IN DIVING Heart Weakened by Gas in Serving Abroad.

PAUL BICKSLER, a barytone concert singer of Philadelphia, was drowned yesterday when he dived from a raft in Lake Hopatcong, N. J., Bickslers and several friends went swimming near the Bertrid Island pier, and he failed to reappear after his first dive from the raft. When his body was recovered a physician said death was due to heart trouble. Bickslers, who served with the Seventy-seventh Artillery, was gassed and complained that his heart was weak.

Bickslers was graduated from Syracuse University in 1916. Last summer he made a concert tour through the West. His friends said that he had signed a contract with an opera company for the coming season. His body was taken to Philadelphia last night.

N. J. POSTMASTERS CONVENT. ATLANTIC CITY, Sept. 15.—Postmasters from every section of the State are arriving to-night to attend the fourteenth annual convention of the New Jersey Postmasters Association, which will convene to-morrow in the First Presbyterian Church.

KILLS WIFE AND HIMSELF. George Simmons, a negro chauffeur employed by John C. Simmons, a barytone singer, shot and killed his wife and then put a bullet through his own head yesterday after a quarrel at his home at Great Neck, L. I. Simmons died at the Nassau County Hospital.

ATLANTIC CITY, Sept. 15.—A woman was arrested here to-day on complaint of two daughters who charged her with the murder of their father. The mother, Mrs. Frances Buchanan, 54, was taken into custody by John Paterson, 27, whom the girls, Helen, 18, and Frances, 14, charged had been attentive to their mother. They said Mrs. Buchanan had turned on the gas one night as their father, Dominic, slept.

The girls, according to the prosecutor, say that the night their father died he was asked by their mother to give up a room he had been sleeping in to occupy the one in which he met his death.

# TOWING CITY'S GARBAGE CHEAPER IN NEW BIDS

Deep Sea Offer Is \$99 Compared to \$300 Last January.

World's Conference to Send Out Call for a 'Militant Christianity.'

HAIR WOMEN'S VICTORY Plan for Union of Churches Gives Way to Healing Divisions in Own Family.

HOME WINE MAKERS RUSH FOR PERMITS

Washington Office Swamped by Letters From All Parts of Country.

Bids for towing garbage scows in New York Harbor were opened yesterday by John P. Leo, Street Cleaning Commissioner, and showed a marked reduction in the cost of the service as compared with several months ago. The lowest new bid for towing from Canal street, Hudson River, to Rikers Island, was \$45 a scow load, as compared with \$225 last April. From Manhattan to Bayonne, N. J., the low bid was \$22, as compared with \$85. The bid for towing from Sixtieth street, East River, to Rikers Island, was \$19, as against \$25.

Deep sea towing dropped to \$99 in the new bids from \$300 a load demanded last January. The reductions followed a re-evaluation of the bids which runs from day to day.

Home brewing and wine making are increasing. This is revealed to-day by the letters that swamped the office of the prohibition unit of the Treasury. From all parts of the country home brewers are asking for permits to make 200 gallons of wines from fruit juices for personal use.

Although a Treasury decision almost a year old authorized prohibition directors to issue such permits, apparently the tidings have just begun to reach the homes of thousands in different parts of the country, most of them in the sections. Recent reports that the Treasury Department had amended that ruling were denied to-day emphatically by officials. They asserted there will not be any attempt to restrict the making of beverages within the home if the drinks so made are not sold or manufactured for sale.

Officials explained that the ruling was primarily intended for large fruit growers or farmers having orchards or vineyards, and to enable them to consume the fruits into wine for home consumption without danger of interference from dry agents.

An even larger quantity than 200 gallons of beverages may be made from fruit juices within the home for personal consumption of the owner's family or guests, if the owner gives notice of his intention and give a nominal bond.

"We will apply the rule of common sense," said a high revenue official. "There will be no intrusion of private homes looking for trouble unless that man's home is being used as a place for the manufacture of alcoholic beverages for sale. When it is found that a home is being used for commercial uses in violation of the law, we will proceed to break it up."

SENATE COMMITTEE FIXES SOFT DRINK TAX Decides to Make It Two Cents a Gallon.

WASHINGTON, Sept. 15.—Reconsidering its action on part of the soft drinks section of the House tax bill, the Senate Finance Committee yesterday decided to make the tax on cereal and other beverages, carbonated and distilled, two cents a gallon. The House proposed a tax of four cents on cereal and three cents on the other drinks.

The committee also reversed itself with regard to the House provision allowing travelling salesmen to deduct from their gross income the expenses for food and lodging while away from home on business. Chairman Penrose said previous action of the committee in striking out this provision had been taken under a misapprehension.

CLERGY SEEK WINE RECIPES. HARTFORD, Conn., Sept. 15.—Among the five thousand or more letters seeking information on permits for making "home made" wine, up and down the country, were those of at least a dozen clergymen, the Internal Revenue Bureau here announced to-day.

The office force has been swamped with correspondence since Robert C. Eaton announced that heads of families may make two hundred gallons of wine yearly for home use provided a permit is obtained.

RAPPOLD AND FITZIU TO SING AT POLICE GAMES Glee Club and Band Also to Take Part.

John Daly, Second Deputy Police Commissioner, in charge of the police field day for the Police Relief Fund, takes care of widows and orphans of policemen not provided for by law in the pension fund, yesterday announced that a musical programme had been added to the attractions of the Police Relief Fund at the Gravesend Race Track to-morrow.

Miss Anna Fitziu, American soprano, now of the San Carlo Grand Opera Company, by courtesy of Portunus Gallo, its general director, will sing "Old Folks at Home" and "Dixie." Miss Peggy O'Neill also will sing. The Police Glee Club, led by Sergeant Patrick G. Fitzgerald, will sing "Swanee River" and "The Police and Fire Departments will accompany the singers and also give a concert.
